Various Tribes

Indian Census Rolls, 1885–1940

This series contains census Rolls that were usually submitted each year by agents or superintendents in charge of Indian reservations, as required by an act of 4 July 1884. The data on the Rolls vary to some extent, but usually given are the English and/or Indian name of the person, roll number, age or date of Birth, sex, and relationship to head of family. Beginning in 1930 additional information may be included. Most of the 1940 census Rolls have been retained by the Bureau of Indian Affairs and are not included in this publication. There is not a census for every reservation or group of Indians for every year. Only persons who maintained affiliation with a tribe under federal supervision are listed on these census Rolls.
